LIST OF COPYRIGHT RENEWALS

1936

NEW SERIES, VOLUME 31

No. 9

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1936

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Brahms (Johannes); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Massenet (Jules Emile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Paganini (Niccolo); Puccini (Giacomo); Saint-Saëns (Charles Camille); Scharwenka (Franz Xaver); Schubert (Franz Peter); Schumann (Robert Alexander); Thomas (Charles Louis Ambroise); Tchaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should be made only under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 3
MUSICAL COMPOSITIONS

INCLUDING
LIST OF COPYRIGHT RENEWALS

1936
NEW SERIES, VOLUME 31
No. 10

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1937

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Auber (Daniel François Esprit); Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chopin (Frédéric François); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Haydn (Franz Josef); Leoncavallo (Ruggiero); Massenet (Jules Emile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Palestrina (Giovanni Pierluigi Santo); Puccini (Giacomo); Raff (Joseph Joachim); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Schumann (Robert Alexander); Thomas (Charles Louis Ambroise); Tchaïkowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles, but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should be made only under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 o." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Brahms (Johannes); Chopin (Frédéric François); Delibes (Clément Philibert Léo); Händel (Georg Friedrich); Liszt (Franz); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Rubinstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Schubert (Franz Peter); Strauss (Richard); Tchaikowsky (Peter Iljitch).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should be made only under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

THE Catalog of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued at monthly intervals in twelve numbers each year, and is followed by a complete index for the year. The general arrangement is an alphabet of the titles of the musical works with certain exceptions explained hereafter. The arrangement is alphabetical under the first word of the title (except "a", "an", or "the", or the corresponding foreign articles), and a grouping at the end of the title alphabet of such titles as will not conveniently alphabetize (e. g., titles beginning with numerals, dates, etc.).

EXCEPTIONS.—(1) In the case of editions of classical music, instead of distributing them under the titles, each author's works are brought together by an entry under the original composer's name, and for such works search should be made in this number under the following names: Bach (Johann Sebastian); Beethoven (Ludwig van); Bizet (Georges); Chopin (Frédéric François); Flotow (Friedrich von); Gluck (Christoph Willibald von); Godard (Benjamin Louis Paul); Gounod (Charles François); Grieg (Edvard Hagerup); Händel (Georg Friedrich); Liszt (Franz); Mascagni (Pietro); Massenet (Jules Émile Frédéric); Mendelssohn-Bartholdy (Jacob Ludwig Felix); Moszkowski (Moritz); Mozart (Wolfgang Amadeus); Offenbach (Jacques); Rossini (Gioacchino Antonio); Rubenstein (Anton Gregorovitch); Saint-Saëns (Charles Camille); Schubert (Frank Peter); Schumann (Robert Alexander); Stradella (Alessandro); Tchaikowsky (Peter Iljitch); Verdi (Giuseppe); Wagner (Richard).

(2) **COLLECTIONS** having general titles, such as "Fünf studien", "12 études élémentaires", etc., and pieces published without individual identifying titles but designating the class of musical work (e. g., "waltz", "dance", "march", "allegro", "praeludium", "nocturne", "impromptu", "sonata", "étude", "study", "fantasia", etc., without differentiating words and only identifiable by the name of the composer) are entered under the composer's name without cross reference from the titles, and search should be made only under the names of the composers.

EXPLANATIONS TO BE NOTED BY USERS OF THIS CATALOG

Piano music is understood to be for two hands unless otherwise stated. Titles reading "w" and "m" (signifying "words by", "music by") are to be understood as songs. Songs are understood to be with piano accompaniment unless otherwise stated.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated, and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E", Class E, Musical compositions; "D", Class D, Dramatico-musical compositions; "A", Class A, Books containing music; "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of copyright renewals made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The final number, completing the volume, is followed by a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is \$3, payable in advance, to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.
